

PROJECT MANAGER OF EUROPEAN R&D&I PROJECTS

AMIRES is a consulting company for EU research, development and innovation (R&D&I) projects, technology scouting and business innovation. We are specialized in creation of consortia of partners with common aim for product or service innovation with significant potential for know-how commercialization. Unique and profound knowledge of the European public funding environment (e.g. Horizon 2020, 7th Framework Programme EU for research and technological development) as well as broad network of market key-players contribute to the high quality of entrusted projects. We follow projects from their initiation and planning, through negotiation, execution and management to the final stage, where exploitation of a new technologies, products or services is facilitated.
